

In This Room

This service was established to give all students the opportunity to consult with a counselor on various issues that may arise during the course of their studies at Keio University. Rather than struggling with problems alone, students are encouraged to consult with staff at the Counseling Room for professional assistance.

EVENTS

The Student Counseling Room hosts numerous workshops to assist students with self-discovery and self-expression. These activities also provide a venue for students to expand their social network. Please refer to the homepage for upcoming events. These workshops are held in Japanese but all students are welcome to participate.
