

FALL 2022
FACULTY OF ECONOMICS PEARL
TIMETABLE
SECOND YEAR

Notes

1. Please pay attention and do not confuse course registration numbers with classroom numbers.
2. Half-year intensive courses have two classes per week, for example, English Academic Skills. For these courses, the same course registration number is printed for both classes.
For intensive course registration, if you enter the registration number, you will be registered for both classes automatically.
3. Important announcements from the university will be posted on the Keio University Student Website or "News" on keio.jp. Also, there will be notices posted at these locations if there are any classroom changes in the middle of the semester or temporary classroom changes. It is your responsibility to check the website regularly so as not to miss notices.
4. Any results in courses you have not registered for will be invalid, even if you take the exams or submit assignments.
